

GRUNT SPADES

FOUNDING LAUNCH PARTNERS

SELECTED PARTNERS | DEFINED VALUE | ONE FOUNDING RUN

THE OPPORTUNITY

Grunt Spades preserves the rules, language, competition, and fellowship of military Spades - then carries that living tradition forward through a complete field-manual system, official playing cards, Founding Charter Tables, and organized events. **We are selecting a small group of inaugural Launch Partners to help complete the prototype-and-launch phase.**

READY TODAY

- GS-1, the core rules and field manual, available free at gruntspades.com.
- GS-2 advanced play and tactics, GS-3 tournament operations, and GS-R honoring the culture behind the game.
- An official military-inspired deck and serialized Founders Edition in development.
- Grassroots outreach connecting veteran organizations, breweries, reunions, and community tables.

PARTNER SUPPORT ADVANCES

- Physical prototypes, production proofs, and manufacturing readiness.
- Business and intellectual-property launch preparation, campaign assets, and fulfillment planning.
- Tournament materials, Charter Table support, and a production-ready crowdfunding campaign.

WHY PARTNER NOW

Early partners receive meaningful visibility while helping shape a credible, veteran-rooted launch. **The inaugural group is intentionally limited so partner recognition remains visible - not buried on a sponsor wall.**

PARTNERSHIP LEVELS

LEVEL	COMMITMENT	PARTNER RECOGNITION
Field Supporter	\$250	12-month linked listing, digital supporter badge, and launch thank-you.
Campaign Sponsor	\$500	Field benefits plus one dedicated partner spotlight and campaign-page acknowledgment if launched.
Founding Launch Partner	\$1,000	Campaign benefits plus premier placement, dedicated partner feature, and recognition in inaugural campaign materials. Limited to three.

COMMERCIAL TERMS

This is a commercial sponsorship opportunity, not a charitable solicitation. Sponsorship provides no equity or financial return and is not represented as tax-deductible. Benefits will be confirmed in writing. No physical deck or delivery promise is included; future product or event arrangements will be handled separately after manufacturing readiness.
